Team milestone

In January, the tax department passed

3,000

clients registered to UNW on our HMRC account!

This includes

1,237

Corporation tax clients and

1,696

Self-Assessment clients

And let's not forget the successful completion of another Self-Assessment season on 31st January!

We recently welcomed our new Corporate Finance Executive Jonathan Partridge to the firm.

Jonny made the move from KPMG in Newcastle where he was an Audit Associate. Before that he was a Finance Apprentice at the University of Sunderland.

Asked how he has found joining UNW, Jonny said:

"Having met colleagues from across the firm in my first few days, it's easy to see why UNW is held in such high regard in the region and why its client base is of such high quality."

UNW's continuing commitment to developing its people has once again been recognised with the prestigious Investors in People (IIP) Gold status.

This is the fourth consecutive occasion the Newcastle-based independent chartered accountancy and business advisory firm has achieved the 'Gold' standard since its initial accreditation more than ten years ago.

Steve Lant, Tax Partner at UNW, said: "Gold status is awarded to only a small proportion of organisations, so it is something we can all be very proud of. Creating a fulfilling, enjoyable and rewarding working environment is incredibly important to us."

Lee Muter, Paul Tucker, Becky Hood and David Paul from UNW hosted the third 'North East Employment Tax' forum on 9 March, this time in the Bobby Robson suite at Newcastle United Football Club. As always there were some excellent discussions around issues that are topical for large businesses. Not deterred by the snowy conditions it was great to see both regular and new faces share their knowledge and experiences.

Thanks also to daniel ridley and Richard Turnbull from UNW's marketing team and Kerrie Hutchinson for helping make the event a success.

Andrew Wilson and Luke at UNW this morning for a coffee and to discuss the regional economy and wider economic performance indicators.

There certainly seems to be some interesting times ahead for the economy but great to have national policy makers taking the time to get views and insights of the regions.

Well it was all about the homemade banana cake and the Menopause today at lunchtime with my Menopause Cafe at the office.

It was the second UNW Menopause Cafe that I have held and I went armed with information, a cuppa, my cake, and plenty of chat in me. Thank you for the support and for those brave enough to come and have a chat. #thankyou #menopause #chat #talk

Thoroughly enjoyed the NCASS - Northern Chartered Accountants Students' Society Ball on Friday evening with my UNW colleagues. It was also lovely to catch up with friends from other firms.

Everyone works ridiculously hard for their exams so the celebrations were well deserved!

Looking to head straight into an accountancy career after completing your A Levels? Or do you know anyone who is?

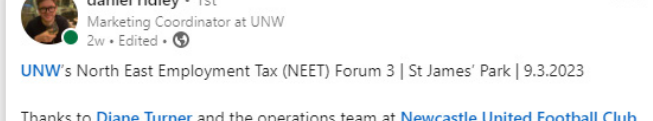

We are still accepting applications for apprenticeships commencing September 2023.

Our established and award-winning apprenticeship programme is the perfect platform to launch a career in accounting straight after school or college.

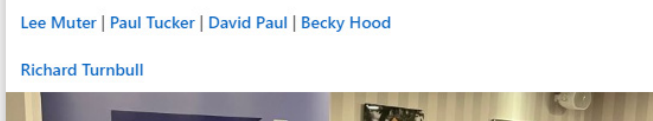

Working initially towards your Association of Accounting Technicians (AAT) qualification over 3 years, you'll gain vital practical experience that will give you a great head start in your career.

With first-class, on-the-job training, alongside classroom-based learning, you'll be earning money rather than paying university fees and will be gaining experience of the working world and developing workplace skills.

Some exciting news to share today...

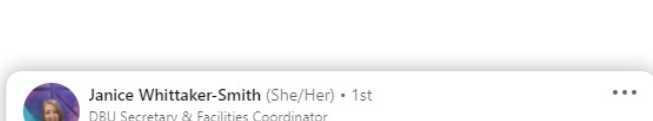

I am absolutely thrilled that UNW's Employment Tax team will be representing the firm at this year's Tolley's Tax Awards after being shortlisted as a finalist in the category: Best Specialist Team in a Law or Accounting Firm!

This nomination is a reflection on UNW as a whole and testament to the quality of our clients who trust us to work with them and the quality of our people who we genuinely believe are the best at what they do.

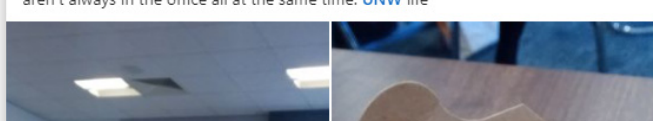

Considered a marker of excellence in the UK tax profession, the national Tolley's Tax Awards recognise the outstanding achievements of individuals and firms across the industry, so we're proud that UNW have been nominated for such an award and will be lining up alongside some of the best in the industry.

Well done and all the best to all the finalists... See you on 18th May!

Such a lovely surprise to see this waiting at the UNW reception as I came into work this morning!

Beautifully handmade by one of the talented housekeeping team here at Citygate.

Great to see our brand capturing everyone's imagination!
